My Projects

- Responsive Portfolio Website
  This project is a beginner-level responsive portfolio website
  Created using HTML, CSS, and a bit of JavaScript
  The site is fully responsive, adjusting its layout to look great on all devices, from mobile phones to desktop computers
  It features sections for an About Me, Skills, Projects, and Contact information.

- Basic E-commerce Website
  This project is a beginner-level e-commerce website built using HTML, CSS, and JavaScript.
  It includes a simple product listing page, a product details page, and a basic shopping cart feature.
  The site is designed with a clean and modern look, and it's fully responsive to ensure a great user experience on both desktop and mobile devices
  The site is fully responsive, adjusting its layout to look great on all devices, from mobile phones to desktop computers
